

Why is a Bank On certified account right for you?

Open an affordable bank account online or at a local bank so you can deposit your paycheck, tax refund, unemployment or other government benefits and manage your money faster and more safely.

What is Bank On?

Without an account, paper checks will need to be cashed in-person, and you may need to pay fees, buy money orders to pay bills, or use cash in person. Additionally, prepaid cards may charge fees for using ATMs or accessing customer service, and will not allow you to load cash or other payments onto the card so you can keep your money all in one place.

You can open your own affordable, safe and certified bank account online now to deposit your paycheck, tax refund, unemployment or other government benefit payment. Nationally certified Bank On accounts have no overdraft fees, most cost \$5 or less a month, and you can use them to manage your money and pay bills at no cost.

There are over 40 Bank On certified accounts available right now in Pennsylvania, with over 75% of them can be opened online. Visit our website for more information.

Step 1

Pick a bank or credit union from website.

Step 2

Open your own safe Bank On certified account

Step 3

Provide your account information to direct deposit your paycheck, tax refund, etc.

YOUR MONEY IS SECURE - financial institutions take your personal security seriously and help keep your money safe; these accounts are also federally insured.

NO SURPRISE FEES- accounts do not allow overdraft or insufficient fund fees - almost all cost \$5 or less per month.

CONVENIENT TOOLS - online tools to help you control your money, deposit your check and pay your bills - all free of charge.
